# DEDICATION

**Ann Rosen**

Ann first embarked on her career in the Student Life Division 18 years ago. Currently, she serves as secretary to the Deaf Department Principal. She helps the VSDB Community get things organized with efficiency. She is always ready to flash a 1,000-watt smile and willing to offer her helping hands to any faculty/staff and students just like the Allstate Insurance Company. She makes a wonderful mother-figure and great role model for our students. She is well-liked and well-respected by everyone on our campus. Her cheerful personality and fiery loyalty to this workplace has been exemplary.

We, the Deaf Senior Class of 2001, is very proud to dedicate the *2001 White Columns* to Ann Rosen.

# ADMINISTRATION

Dear 2001 VSDB Graduates,

It is with great pleasure that I write this letter congratulating you for graduating from high school. This is a wonderful accomplishment! You have worked hard as you have prepared for this very special day, June 8, 2001.

As you leave VSDB many of you will say good-bye to many friends. Please remember you are always welcomed to return to visit with the friends you have left behind. Stay in contact with the people who have meant so very much to you. Write to your favorite teacher and tell him/her how much you appreciated their devotion to you. Teachers enjoy receiving letters from students, even if it is a note saying thank you or that they made a difference in your life.

Many of you will start working this summer, others of you will continue with your education at four-year colleges, community colleges or technical schools. Whichever path you choose be honest to yourself. Accept challenges with a positive attitude. Accept responsibility for your behavior. Most importantly, be kind to yourself. When you make a mistake, learn from your error.

Remember to follow the Golden Rule: "Do unto others as you would have them do unto you".

Good Luck,  
Dr. Nancy Armstrong  
Superintendent

Dear Graduates of 2001,

As the new principal of the Blind Department at The Virginia School for the Deaf and the Blind-Staunton, I am proud to have had the privilege of working with each of you this school year. You have shared your beliefs, experiences, and dreams with me.

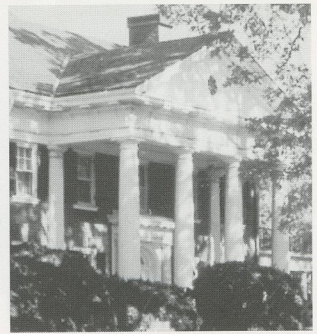

As you go forward, build on your dreams, believe in yourself, and continue to expand your learning. Prepare yourself to be a lifelong learner by seeking new experiences, new relationships, and new information. Your appreciation for learning should never diminish.

I hope that you are, as I am, very proud to be a part of the Virginia School for the Deaf and the Blind. Even though you are leaving here remember that the staff here will assist you in your future endeavors.

Finally, always celebrate your successes and learn from your failures. Best wishes for your continued success in everything that you do and may your dreams become reality.

Diana Nuckoles, Principal  
Department for the Blind

# ADMINISTRATION

Dear Seniors:

On behalf of the staff and support services people, we all know that you have been waiting with enthusiasm for your special day, June 8th when you graduate to begin your new life. We are proud of the fact that you have learned to do your job well, to pay attention to details in work, to show some sensitivity toward the unfortunate, to practice good citizenship and to be our good ambassador for your future-working world. We know that you can do your job well wherever you decide to undertake. Please remember your lessons and use them well, so that we will always be proud of you. We will also depend on your leadership and support as Alumni of the VSDB. We all wish you the best of luck with your new future.

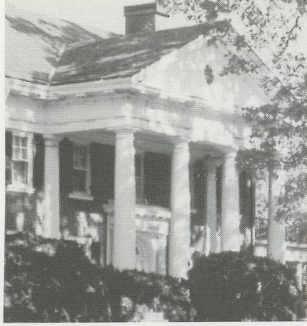

Congratulations!  
Donna V. Wait, Lead Teacher

Dear Seniors,

It is with great happiness and pride that I extend my congratulations to you as you graduate from VSDB. I have known many of you since you were very young and I have had the pleasure to, not only watch you grow and mature, but to also be a part of that process. We share many great memories of this fine school and I will always remember you with a smile and a warm heart.

Mary Murray

# The Best of All Worlds ...

**National Technical Institute  
for the Deaf**

Your students are invited to attend the first and largest technological college for deaf and hard-of-hearing students that is part of a larger university where you can learn, grow, and make friendships that last a lifetime!

-  NTID is one of seven colleges of Rochester Institute of Technology (RIT), a world leader in technical and career education.
-  NTID/RIT provides the best comprehensive system of access and support services for deaf and hard-of-hearing students in all of higher education.
-  NTID's caring faculty members communicate directly with students, who come from various backgrounds.
-  95% of NTID's graduates who enter the workforce directly secure employment in positions related to their interests and skills.
